**GOLDEN DAWN GARDENS**

Route 1

GREEN BAY, WISCONSIN

Greetings from Golden Dawn Gardens:

To all our old friends near and far, and to all the new ones we hope to make, we extend our most heartfelt greetings.

Growing gladiolus has for a number of years been strictly a hobby with us. We have endeavored to try out each year as many of the newer introductions as possible. This has been very costly in the true sense of the hobbist. We have, therefore, decided to go a little deeper in the so-called art of gladiolus raising and make our hobby a paying hobby.

Before we go on any further we want to impress upon you, the glad raising public that our aim is today and shall always be to ship you only the finest, cleanest and healthiest bulbs it is humanly possible to produce. We have in the past received from some very big growers in our good old U.S.A., as well as growers abroad, both excellent stock and also the opposite. We know the people we like to trade with and those we don't and want to do everything possible to belong in the first-named list with you.

Although the past growing season, owing to a record-breaking dry spell, was not conducive to a really successful flower season, yet with the aid of irrigation our harvest of bulbs has been the best we have ever had.

In closing, may we ask that you ORDER EARLY. Our stock, due to limited time, help and acreage, is necessarily small and we don't want to disappoint if we can help it.

Gordon E. Shepeck

## A Request

Anyone can grow glads. Anyone can print a catalog. To find other good glad fans who would be interested in receiving that catalog is the trick.

May we ask a favor of each of you as you receive this copy? Will you please mail us the names of as many good glad friends as you can. We would like to put your friends on our list, with the express desire of making them our friends. We promise you will not be sorry and will do everything in our power to reciprocate in kind.

Thanks a million.

-----

## Business Terms

All retail orders will be delivered free anywhere in the United States, either by parcel post or by express. Minimum order \$2.00. Overcount or extras with all retail orders. 5% cash discount on all retail orders paid for in full prior to December 20, 1948. Payment in full before shipment.

We endeavor to send out only clean, healthy bulbs, true to name, and will cheerfully refund the purchase price of any promptly returned order which is found to be unsatisfactory, but no guarantee or warranty concerning either the growth or flowering of the bulbs is given or implied. Orders are accepted only under these conditions and are subject to prior sale.

This price list cancels all previously published prices and voids any heretofore published business terms.

Varieties listed by the single bulb price may be had in quantities of ten bulbs at eight times the single price.

Large \$2.50. Medium \$1.50. Small \$1.00. Bulblets 5  
for \$1.00.

---

### Mixtures

In addition to the glads in this list, we grow almost  
countless numbers of other varieties in quantities too small  
to find a place in our catalog. From them and from those  
included here, we put out mixtures in which we take great  
pride. If labelled, they would cost at least two to three  
times the price we ask for them.

---

#### Mixture No. 1

This mixture will be made up of twenty or more varieties,  
all bulbs either large or medium in size. With this  
collection we will include a bulb or bulbs of some very recent  
introduction, which we think worth planting separately.  
The bulbs will be separately bagged and labeled and literally  
worth their weight in gold. 100 bulbs for \$6.00.

---

#### Mixture No. 2

A very fine mixture of at least ten varieties in small  
and medium sizes. All will flower but blooms will not be  
quite as large. 100 bulbs for \$4.00.

### Mixture No. 3

If you can't make up your mind, let us do it. Send the amount you wish to spend, with your color preference, and we will do our utmost to delight you with a hand-picked assortment, either mixed or separately labeled, you state which.

-----

You will note in our list we have priced primarily for the small home gardener. We again take space to tell you our planting is not on a large scale,--however, we do have a great many numbers in such quantity that we are in position to quote on lots of 100 and 1000. This we can do on most of the older varieties and a great many newer varieties also. The latter include such numbers as Beauty's Blush, Connecticut Yankee, Dieppe, Gold Medal, Genghis Kahn, Heart's Desire, Huntress, Leading Lady, Lady Marion, Mt. Index, Mauvie Rose, Miss Wisconsin, Orange Gold, Patrician, Phantom Beauty, Red Cherry, Reliant, Silver Wings, Spic & Span, Spotlight, Tralee, White Challenge, White Goddess, and many more. If interested, please drop us a line and we will gladly quote on your wants.

## 1949 Introductions

We have been made very happy with the permission recently received to offer for your consideration two of the finest introductions we have had the opportunity to view. Mr. Walter Krueger of Oconomowoc, Wisconsin, currently offers an immenselight rose, Miss Chicago. Shown at many of the 1947 and 1948 shows, it was a consistent winner in the seedling classes and receives my whole-hearted endorsement as a show winner and coming commercial. We also have Krueger's new ruffled commercial white to be known as La Belle. Ruffled glads have as a whole shown a lack of opening qualities but not La Belle,--it will without a doubt take its place at the head of the list as a top ruffled commercial.

The following are Mr. Krueger's descriptions. I accept them 100%:

### MISS CHICAGO 460 (Buckheit-Krueger):

The beautiful color of Miss Chicago, rose with a lavender cast, and with an inverted yellow crescent is very appealing to both florists and fans. It opens 8 or more giant florets at one time on good spikes with a 20 to 24 inch flowerhead which carries 18 to 20 buds. It is a conservative producer of bulblets which germinate well.

Its beautiful color and formal floret arrangement carried it to important wins: Champion seedling, Kankakee, Ill.; Champion three spike seedling, Kohler, Wis., and Champion seedling and American Home Achievement Award winner at Garfield Park, Ill. all '48.

Priced: L. \$5.00 M. \$4.00 S. \$3.00

No bulblets offered.

### LA BELLE 406 (Krueger):

A fine, heavily ruffled cream white glad of excellent commercial habit and with a fine health record. The vigorous low growing plants of La Belle allow the fine spike to be cut without foliage damage. The spikes which carry 5 open florets on a 26 inch flowerhead of 20 buds, grow to a field height of 54 inches. La Belle is a fast propagator of easy to grow bulblets which grow into husky plants and good-sized bulbs. It blooms in about 85 days.

Priced: L. \$4.00 M. \$3.00 S. \$2.00

Blts. 50¢ each; 10 for \$4.00
